

Agenda of the Estonia meeting 12-15th of December 2023

Central theme: industry innovations

What are the most recent innovations in the water sector and how can they feed into contemporary vocational education?

Aims of the meeting:

Team	Region	Project
Strengthening the PoVE Water partnership and continue to build a strong team.	Get to know the innovation ecosystem of the Estonian partners of CoVE Water Baltics. Share experiences with industry experts from all countries on Water sector Innovations. What Estonian examples can feed into the different work packages?	What has been done so far and what activities lie ahead? How can we support each other in these activities? What are concrete actions all partners have to undertake in the work packages?
